*Hope is my way. I trust the process of life.*

I AM Master Kuthumi, World Teacher, in Presence with my Co-Equal Partner, Pallas Athena. Pallas Athena is the head of the karmic board of advisors for most of you in the western hemisphere. We are honored to address you on this beautiful day.

We welcome you on this day of New Beginnings. We, the Ascended Masters and the ex-carnate servers of **The Way, the Truth and the Dark Whole-Eternal Light**, have long held hope that incarnate humanity would move into the **New Now, Only Love** frequency. That day occurred with a resounding “YES WE CAN”, yesterday as the world and the One looked on and said “This is good”.

President-elect Barack Hussein Obama (“Barry” – which means in Hebrew “Blessed by God”) said last evening:

“The road ahead will be long. Our climb will be steep. We may not get there in one year or even in one term. But, America, I have never been more hopeful than I am tonight that we will get there.”

This indeed is true. The way will unfold over the next few months, years and decades ahead. At times it will seem as if humanity is not moving forward at all. At times, it may even appear that you are moving back into fear and strife. But this will only be the end of illusion, the end of lies and the end of old patterns of conflict and inner tension.

We would like to make it perfectly clear, that it is YOU, as a people, YOU, as incarnate beings, that have ushered in this New Now. We, on the inner planes, have guided and assisted you. WE consist of many beings, many teachers, and many wisdom masters. But it is YOU that has chosen the path of Love. Sometimes it is suggested that WE, in ex-carnate, spiritual form, are the ones who have created this change. This is not so. It is YOU and we want you to remember this. You are empowered. You are creative. You are the change that is occurring in the New Now.

We also like to point out how powerful the vibrational essence of numerology is as an indication of the potential that exists when choice is activated by the heart. Yesterday was a day of 7:

$$11 + 4 + 2008 = 2023 = 7.$$

The combined inner path of Barack Hussein Obama and Joseph Robinette Biden (vowels of birth name) equals, 77! The inner path in numerology is known as the soul urge or heart’s desire. The more you know yourself, the more you will know your path, for it is all encoded into your soul and into your soul’s intention in this ascension lifetime. (See post on 10-22-2008 for more information). 77 is an encoding of

the Cup. What is the Cup? # 77 in Aura-Soma. The Holy Grail. What is pouring from the Holy Grail into your hearts? Truth. What is the vibrational essence of Holy Grail: Truth? It is 77.

**h o l y g r a i l t r u t h**

8 6 3 7 7 9 1 9 3 2 9 3 2 8

Total Letter Value = 77.

Endings and new beginnings are always heralded in by the vibration and frequency of 10 – 1. 2008 is the year of 10-1. This year is a critical choice point for humanity to activate new beginnings. Do you choose love or do you choose fear? As a People, do you choose to venture into the unknown, untested Leadership of the Heart or to stay in the old ways of domination, hegemony and hoarding? The choice has been made by YOU, and we are grateful and we celebrate with you on the beginning day of the New Now.

We remind you of the aura-soma theme of 2008, represented by #82 and #28. The affirmations of the two “light bodies” are:

**I open my heart for a new direction (the affirmation of #82)**

**I find the strength to be who I AM (the affirmation of #28)**

We affirm to you, that the Highest frequency of New Beginnings (1) was ushered in by the American people and their newly elected leader. (*This comment is not about favoritism on our part for one nation above another. It is about the responsibility of the world’s leader to embrace change and to be the change that will lead all nations into mutual respect, honor and trust.*) The highest frequency of 1 in double digits that represents new beginnings is 91. ( $9+1 = 10 = 1$ ). The affirmation at the beginning of this discourse is that of #91 of aura-soma: **feminine leadership - leadership of the heart**. (This is not about gender – it is about leading from love.) In aura-soma, Color Therapy for the Soul, this is the solid olive energy of Hope:

Aura-Soma #91

President-elect Obama is the heart centered leader that we have been waiting for. He stated that he has never been more hopeful that WE THE PEOPLE will get there. We/you will get there together by each one of us/you activating your **inner path of the heart** and aligning that with the outer manifestation of the New Beginning for Love that is the Way of NOW (no longer the way of the future).

The color energy of this Way of Now is Olive. **Olive, as a word vibration equals 27. 27 is the inner path of Barack Hussien Obama's name** (see previous post on the numerology of the Presidential candidates dated 10-22-2008). Olive is the **bridging chakra** between the upper chakras of thinking-knowing and the lower chakras of feeling-sensing. This is the Way of bridging heaven and earth, the Way of choosing love. When you cross that inner bridge, you are indeed connected on many, many levels.

Olive is a very powerful and symbolic word. Olive is a CHOICE. A choice for all of humanity as a collective whole to make:

O-LIVE!

Yes, we now choose to Live as a common family on this planet.

Yes, we now choose love and respect each other and our planet.

Yes, we now choose peace and commitment to finding the solutions rather than continuing the problems.

Furthermore, and most importantly:

in the OLIVE, is the KEY to the choice: I-LOVE.

A simple transference of two vowels, the O and the I, and you have the SOLUTION!

The solution is in Olive which is I-LOVE!

Olive signifies many things, the olive branch of peace, the fruit of the Tree of Life that sustains life through nourishment, through enlightenment and through goodwill. Olive oil symbolizes home, family and faith. In aura-soma, olive is the balanced leadership of the heart which honors the integration of masculine and feminine. #91 is the energy of a leader who truly acts from the heart. <sup>i</sup> The energy of #91 is a leader who loves the Truth, is optimistic and practical and is concerned with creating a better world.

Last evening ushered in the New Now. These energies have been encoded into very, very powerful word vibrations:

“We shall overcome”, is encoded on the Inner Path with 28, the energies of 2008 in this way:

**w e s h a l l o v e r c o m e**  
5 5 1 8 1 3 3 6 4 5 9 3 6 4 5

This rallying cry, proclaimed by another Leader of the Heart, Martin Luther King on March 15, 1965 equals:

Total Letter value: 68

Total Consonants: 40

**Total Vowels: 28**

This rallying cry now moves into the 2008 New Now:

We HAVE Overcome = Total Letter Value 70.

What is another 70 vibration? The Balance that occurs when you choose to live (O-LIVE) in the heart:

NEW NOW: ONLY LOVE:

n e w n o w o n l y l o v e  
5 5 5 5 6 5 6 5 3 7 3 6 4 5 = 70

This is perfectly **balanced**:

Total Letter value: 70

Total Consonants: **35**

Total Vowels: **35**

(Note: #35 of Aura-Soma is called “Kindness: Service with Unconditional Love”)

“Out of Many, We Are One”, Barack Obama, 11-4-2008.

(This is a 999 calibrated phrase = Total letters = 81:9, Total consonants = 45:9, Total vowels = 36:9)

The last thing we wish to share with you on 11-5-2008 is this for there is now much talk about “Managing Expectations”. Managing expectations is a buzz phrase for dampening the hope in your heart. We suggest that you do not allow your “expectations” to be managed or diminished! We suggest that you fully open your heart for a new direction that is available to you in this NEW NOW! Find the strength to be who you are in this New Beginning. And our Beloveds, all of you who have chosen to overcome and to begin anew, Create the New Now by expecting the following and aligning your thoughts, your words and your actions thus:

**Expect Love,  
Expect Kindness,  
Expect Change,  
Expect to Serve,  
Expect Peace,  
Expect the Greatest Good for All concerned to manifest on earth.  
And Expect Heaven on Earth**

This is why you came here. This is the beginning of the New World Order.

With great Joy, I AM Master Kuthumi with my Beloved Partner, Master Pallas Athena

We Are One with the Divine  
We Are Blessed by the Divine  
Blessed Be the Divine One in us All.
