Beloved Master Sananda, please assist us in understanding, knowing and feeling the 111 vibrations into the Crystal Grids of Trinity.

Our Dearest Souls in Light: you are WAKING UP!

You are seeing what is happening!

You are connecting to your own truth!

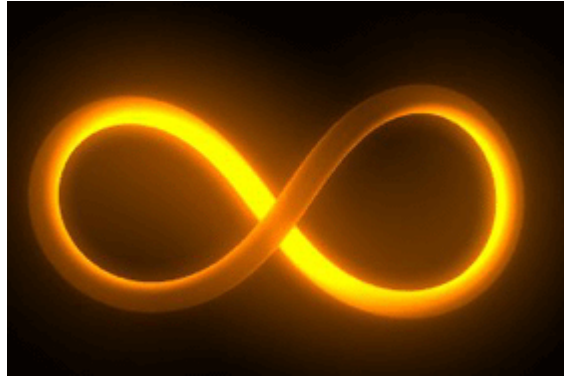

You are all feeling a deeper calling into the I AM. What is one of the primary keys to this movement into the I AM? You must know who YOU are!

There are many translations of the name of the Creator. One of the interpretations comes from the mystics of the Kabbalah who will tell you that the four letter name of the Creator, represented by the Tetragrammaton, YHWH - Yod He Vau He, means "I AM MY NAME". This four letter word can be traced back to the Paleo-Hebrew alphabet dating from 10,000 BCE.

יהוה
יהוה
יהוה

In the 22 letter Paleo-Hebrew alphabet, Yod He Vau He equates to the number values of 5+6+5+1¹. This equals 17. 1+7 = 8. The English word for the Creator in common usage is GOD. GOD = 7+6+4 = 17. 1+7 = 8.

8 is the symbol of the ineffable quality of infinity.

To know a thing in your dimension, you want to define and name it. To name something, in your dimension, is to make it more tangible. The ineffable, eternal, infinite essence of the Creator is intangible. Knowing All, thus, the Creator gave to humanity through many prophets and seers, the name of the One: I AM MY NAME. I am that I am. I shall be that I shall be. This name contains the qualities of being and becoming. To feel and to touch the infinite is to know the I AM inside your I AM.

Your Truth is within you. It is the totality of what you have chosen to express and to emancipate in this ascension lifetime.

Main Theme: Assimilation and wisdom on all levels

Our Beloveds, your soul is inestimably wise. Your soul chooses your family of origin in this life, your soul chooses all the people you will encounter, all those you will love, all those you will experience conflict, confluence, chaos and compassion. Your soul chooses your lessons, especially in childhood. Your childhood is a “fixed reality”. It is fixed because as a child, you do not exercise free will choice! You, the child, experienced the control of others on your choices, each and every day! Why? Is it because your soul desires for you to suffer? Or perhaps it is because your soul is Wise and chooses to *assimilate* this wisdom on all levels Now? Is there a greater plan that you, in the personality- mind would like to deny? Some of you, in the personality-mind would like to say: “I would NEVER choose that! I AM not that!” “I am not that suffering I experienced as a child, I am not that confusion, that loneliness, the despair, that degradation”, etc.

Our Beloveds, your soul is wiser than this. Your soul assimilates all lessons, in all lifetimes and *chooses to create an experience* that has the potential to catalyze you into the I AM.

Your soul chooses your incarnate birth name, in sacred communication with your mother, your father and with the I AM. (This applies in all situations, even in adoption or abandonment, because your soul knows where you will BE in your childhood. It is divinely orchestrated in fixed reality by your own soul.) Your birth name is the **Master Essence Vibration** of your soul’s choice of incarnating energy in this life. Many of you have asked these questions regarding your birth name: “Well, haven’t I evolved? Have I not freed myself from the limiting beliefs of the past? Is honoring and naming this evolution not a more important vibration of who I am now? Is not the name I choose and change the most important vibration of my soul essence Now?” Certainly, you evolve. Undeniably, you change. Unequivocally, you become more when you enter the spiritual path of *conscious* soul evolution. Part of conscious soul evolution is to KNOW THIS:

Master: All Essence is vibration.

When you Master this Truth, you free yourselves from the limitation of judgment which is based on the negation of the I AM.

We have provided to you an explanation of the reconnecting and healing power of the 111 Crystal Grids of Trinity (2-8-2008; 2-11-2008; 2-28-2008):

What is the importance of the 111 vibration and symbol? It is the connecting energy to the Heart center of all things: the 111 symbol represents the inner awakening to balance of your own primary trinity of Love-Wisdom-Power. The 111 symbol is a sacred symbol of this reconnection in the inner most place of your soul: the God within. To reconnect with the God, or I AM Presence within, you must give yourselves permission to go into your own temple of Love-Wisdom-Power, represented by the number-vibration 111. Deep within your own heart, you find unity with the One. Deep within your heart, you experience Atonement.

The Crystal Grids of Trinity are the energetic grids that connect all sacred places on earth to the heart (or core) of Gaia. The Crystal Grids of Trinity are within you, replicated in your cellular crystalline structure and represented by your central biological structure, the aortic valve in the heart which is tricuspid (trinity) valve of purification.

I AM MY NAME. When your soul chooses an incarnation, it is without the overlay of judgment. It is without the fear of what unconscious, incarnate life entails: the *illusion* that the “all” is encapsulated by what the 5 senses experience. The Illumination comes later, when you remember and know that there is much, much more. **When your Soul chooses your birth name, it is with the solid gold of wisdom.** It cannot be otherwise! Your soul chooses to express a path that will provide you with invaluable lessons. This path comes not from limitation, but from limitlessness – the connection to One.

I AM THAT I AM
I AM MY NAME

I am, for example, a soul who chooses in this lifetime to experience dysfunction in the family system of origin in order to create a catalyst into the spiritual path of Awakening. Without that early dysfunction you see, most of you stay on the path of exteriorization and exterior success. Without the deep questions of “Why me, why this, why now?” you are content to achieve outer success. You accept the limitations, rather than embrace the infinite possibilities. You comfort yourself in thinking that your attachments create your validation. You convince yourself that your “i ” values are related to your I AM vision.

Let us expound upon the I AM MY NAME.

In your formative years, you experienced many things. For many of you, it was the very dysfunction of the “I am not” that has led you to where you are now: the turning tide of your souls – the reawakening to this ascension lifetime.

Many of you, most frequently females, are led to change your name, to change your vibration of “I AM”. You do this by social convention because you marry. Or you change identities, because you have changed or evolved, because you have been initiated into something more or different. Some of you feel that you have never resonated with your birth name. Some of you have been “given” another name by a guru, a sage, a seer or a wise person. Some of you even want a different numerology to emulate Mastery. This is all fine, well and good. But the Essence of your soul is in the choices you make before incarnation, before ego, before the incorporation of the “I am not that..” belief. Even if you have changed your name into something more resonant with who you believe you are now, this does not negate your soul choice for the Essence of this lifetime. Even if you have been gifted a new name, it does not necessarily create a new now! (and we, the Masters question others who give you a “new name”. For the truth is that only your I AM connects to your *namon-one soul name*, as only your I AM, connects to your own soul *voce*. *Someone else telling you your name is an old way - question all who say they know more of your soul than you do!*)

The NEW NOW is based on only Love. And love accepts All that is, without ego identification. What is a sign of ego identification? It is the “I am not that” or I am something more or different or initiated or better. The calling is what you **CHOSE** to be called. The I AM. It is the *Namon Voce* or spoken name at birth as directed by your own soul.

You may now call yourself anything you choose, as long as you embrace, accept and assimilate the wisdom of your soul and your incarnating soul essence. I AM MY NAME.

The 111 vibration is based on your soul’s choice, in this lifetime of the lessons, the challenges, the gifts, the talents and the energy which impels you to change, to become more and to realize your greatest Truth: I am that I am. I AM MY NAME.

The 111 Crystal Grids of Trinity connect you to the Master Essence Vibration of your Soul. It is the core essence of what you came to Know without ego, without judgment and without pretense. When you know and feel this, you reconnect to the One. You feel the **ALIGNMENTS-ATTUNEMENT-ATONEMENT**. (=111)

When you know and feel your 111 vibration, you will feel it undeniably in the core of your soul. It is the I AM That! The Aha! Wake up call to know the self through expression.

Let us show you this through our messenger:

$$\text{Ronnalee Bury}^2 = 60.$$

To connect into the 111 vibration, her soul resonates to the vibration of “Liberation”.
Liberation = 51.

$$\text{Ronnalee Bury (60) + Liberation (51) = 111.}$$

The Liberation from her fixed path, was that of suffering in body, in mind and in spirit. The Liberation has become an emancipation from less than and from the I am not that. Why? Because I AM ALL THAT and MORE!

What if she said, “I don’t resonate with this strange and unusual name.”? What if she changed her name and denied the power in it of catalyzing her into the Crystal Grids of Trinity through Liberation? She would potentially miss the power of the I AM LIBERATION that connects her, through the heart trinity into the Crystal Core Master: All Essence is Vibration. This is not at all about limitation, because you are all things and you are one. It is about Key connection into your own core essence. When you connect to that Key, All opens into the ineffable Presence of GOD.

When we then feel and know the truth of our 111, we can propel our soul into the Master Trinity Grids which encircle, encompass and impregnate our physical and subtle bodies, as well as the physical and subtle bodies of Gaia, planet Earth.

When we embrace who we are in our incarnating soul intention, we affirm to the One:

I AM that I AM.
I AM MY NAME.

From here, we may access all the trinity grids of 222-333-444-555-666-777-888-999.

How?

I AM

Ronnalee Bury Liberation = 111
+ Light Body Reconnection = 222
+ Eternal Lightness of Being = 333
+ The Way the Truth the Light = 444
+ I AM the Microcosm Macrocosm = 555
+ Crystal Grids of Trinity = 666³
+ The Throne of Consciousness = 777
+ Quantum Leap in Conscious Love = 888
+ Light Network of Ascension = 999

² This is my full birth name. I do not have a “middle name”. If you do, it is an integral part of your incarnating Soul Essence and should be included in your numerology.

³ 666 is an ASCENSION Code. It has been overlaid with fear and negativity to prevent your reawakening. Sananda will discourse on this soon.

Know, touch, hear, see, smell, taste the I AM that I AM and you will know the One. Access this through all sense functions you are reconnecting to, including clairvoyance, clairsentience, clairaudience, clairguesia⁴ and claircognizance.

"If you bring forth what is within you,
what you bring forth will save you.
If you do not bring forth what is within you,
what you do not bring forth will destroy you."

Gospel of Thomas
Nag Hammadi Library
Verse 70

I AM Sananda. Sananda is my high self name. Sananda is my ascended name. The high self name is good to know our Beloveds, but the high self name does not connect you into this ascension lifetime. It is a name that often propels you up and out of the body, up and out of physical form, up and out of connection with the crystal grids of trinity that are inside you and inside of Gaia. The high self name is that which pertains to **Service** from the ex-carnate dimensions. I AM Serving now in these ex-carnate dimensions because I am no longer in physical form. So many, many of you believe that the other dimensions of consciousness are “better places to be”. But you see, you must be where you are now, embracing your incarnate form, embracing your soul’s chosen name in this lifetime. It is not in another dimension that your ascension lifetime exists. It is in the here and now, the chosen place of your existence.

In my incarnate ascension lifetime, I was known as Jeshua bar Josef. I connected into the Crystal Grids of Trinity through the essence of this : **Love in Light**.

Jeshua Bar Josef Love In Light	111	50	61
--------------------------------	-----	----	----

If “I” had decided in my more “mature, reasoning mind” that I am not that, which you say I AM, (meaning, the wise child-scholar in the temples, the enraged rabbi who devastated the temple because the holy of ways was being desecrated, the despairing son in the Garden of Gethsemane who cried: Abba-Aima! Take this cup away from me!”) I would have limited the full expression of All.

My co-creative, Equal partner was and is Mariamne E Mara, who you know as Mary Magdalene. Her sacred 111 vibration was **Live in Love**.

Mariamne E Mara Live in Love	111	57	54
------------------------------	-----	----	----

⁴ Clair – guesia means clear “tasting ” form the Greek root: *geúesthai* to taste.

(We are going to answer the question many of you are asking: “Why would this English translation and English phrase matter at all in your lives 2,000 years ago if you spoke Aramaic and Hebrew?” What matters is Now. If we were to tell you our 111 vibration in Aramaic or Hebrew, it would not mean anything to you Now. We posit that if an Aramaic scholar undertakes this project, the 111 vibration is still there!)

Now, 2,000 years ago we incarnated under strange and unusual circumstances, just as did all of you! We came here to show a New Way:

Love in Light and Live in Love.

Jeshua bar Josef let go and reconnected to the trinity grids, the Light Network of Ascension, in integrating that I AM MY NAME in that Ascension Lifetime. So did Mariamne E Mara.

When we embrace our soul chosen name and all that we came here to experience, to learn to integrate, to become and to be, we then become One with All. We then expand from the personal I AM to the transcendental Heart of the One I AM. In this way I AM Jeshua bar Josef Love in Light becomes I AM Kuthumi, I AM Maitreya, I AM Nada, I AM Athena, I AM Isis, I AM Osiris, I AM One and I AM All. This 111 connection re-creates the infinity over and over again where there is no beginning and no end. The alpha and the omega dissolve, all distinctions dissolve and your soul IS I AM.

Do not deny the wisdom of your own soul that has chosen the I AM MY NAME that contains the Master Essence vibration that will set you free. When you know who you are and what you come here to do, let go and reconnect to the ineffable, infinity of GOD.

Accept, embrace, and rejoice in the wisdom of your soul. Your soul is wise and your soul knows before you ever return here, that Master: Essence is Vibration leads to the keys of emancipation and freedom.

Go in Peace, Love in Light and Live in Love

I AM Sananda, One with the Divine
